COALITION FOR MEDIA ADVOCACY RESPONDS TO THE PROCESS OF SELECTING DIRECTOR OF ADJARA TV

On November 18, 2019, the Kutaisi Court of Appeal abrogated ruling of the Batumi City Court that the competition for the director of Adjara TV was still suspended on the basis of the lawsuit filed by Giorgi Kokhreidze. City Court had to find a defect in the suit of Giorgi Kokhreidze and no new competition for the position of director should have been suspended on the grounds stated in the judgment.

Media Advocacy Coalition believes that the recent developments around Adjara Public Broadcaster, including the selection of members of the advisory board by Adjara Supreme Council members and subsequent developments, suggest that the process is governed by the authorities.

However, it is critically important that the selected director should be the person whose editorial independence will be guaranteed during his tenure.
